**To whom it may concern,**

**This letter of support is for the 'Youth at Risk' workshop that Chris Jansen from Project Adventure did for us.**

**Chris consulted with me on several occasions to discuss our needs and from those discussions he formulated an outstanding programme, one that suited our needs.**

**Just some comments that were made by the instructors on the evaluations:**

**'Brilliant, I think that it was really relevant'**

**'Absolutely fantastic'**

**'You the man'**

**'So many resources'**

**'Really really interesting, awesome'**

**'Great, got a lot out of it'**

**'Great, loved it, met our expectations'**

**It was a fantastic workshop, a real eye opener, one that everyone took a lot out of, and skills that were to put to use the following day and are working so well**

**Thank you so very much, it was really appreciated by everyone**

**Kind regards**

**Ian Crowdy**
